

# CLEAN GREEN YOUTH VOICE

Have your voice heard by decision makers

**BENTLEY**

THE  
**BILLINGTON**  
GROUP

**PILKINGTON**

Ask your burning questions and find out directly from our employers how you can access future green careers in their organisations.

We are delighted to offer young people who want to help protect the planet with this opportunity to question employers about the steps they are making to become more environmental and the green careers available in their organisation.

Employers taking part in this unique opportunity include Pilkington Glass (part of the NSG group), The Billington Group and Bentley Motors.

The live panel Q&A is taking place on Thursday 5th May 9.30 – 11.00am. Send in your green skills and careers question to our employers ahead of the session and Speakers for Schools will then pick the top 3 questions for each employer that will be asked live on air to the panel by the students themselves!

To secure your school's place, use the booking form [here](#).
